Learn The Technique Of Taking Top
www.sunsetwrestlingcamp.com

This camp specializes in top position technique. Mitch Clark will teach you how to dominate with legs, spiral turns, cradle, claw, and crab ride techniques. If you want to get tougher on top, this may be the number one camp in America to attend.

Camp Philosophy:

"The philosophy of our camp is to teach quality technique, provide competitive matches and to have fun. We pride ourselves in having an extremely personable staff. We believe that being a good role model, taking the time to get to know the campers and relate to them is the best educational tool there is. Every young wrestler needs role models. We strive to be a staff that they can look up to. "Attitude is Contagious." - Mitch Clark
